Activities and Exports, which end with the Speed ingloriously sunk and the British ships splendidly upholding Navy traditions. So then there have been innumerable incidents — the rescue of British sailors from the hell-ship, Albatross, the Jervis Bay incident and the battle with the Italian fleet to mention a few—in which the Navy covered itself with glory. With Navy guarding our seas, we need have no fear of ultimate victory.

## Get Out And Vote

Residents of Surrey are urged to go to the polls on Saturday, December 14th., and exercise their franchise.

The duties undertaken by members of the Municipal Council are very responsible and involve the expenditure of large sums of municipal money, as well as the proper performance of all necessary public functions in the name of our citizens.

For this reason, it is the duty of every eligible citizen to go to the polls and exercise the right of voting. Failure to do so would be a duty neglected and a cooperation for election of less capable candidates.

At the present hour, when our country is at war and when national unity and leadership are so essential in Canada, only those candidates ought to be elected, in a municipality such as Surrey, who are generally recognized for their loyalty, integrity and prudent judgment.

## COMMUNICATIONS

The Editor:  
The Semiahmoo Sun,

Dear Sir:-  
Having been a resident of Surrey Municipality for 58 years and a tax payer for 45 years, I am naturally interested in the welfare of this municipality and particularly interested in the municipal elections.

As I was your representative for Ward 5 for four years, I feel that I know something about the financial set up. I do not hesitate to say that the present Reeve and Council have tackled the financial situation in a business like way that will save the taxpayer thousands of dollars in interest. I have read letters printed by both the other two applicants for the reevehip and I have listened to both of them, but I have yet to hear a single constructive statement, as to how the municipality should be operated, and at the same time lower the taxes. It is not enough to say they are opposed to raising taxes, but these candidates should tell us just how they are going to finance the municipality without an increase in taxes.

Since the tax rate was struck we have heard a lot from some of these candidates about the tax-payers being ruined. Circumstances have proved the opposite. Although our taxes were raised almost one third, still the tax payer has paid 81% against an average of 76% as in former years.

The present Reeve and Council have taken the proper course in arranging to reduce the loan owing the provincial government and the overdraft at the bank. I claim that Surrey is in a better financial position than it has been for some years. To me this is sufficient reason to return the present Reeve for another year.

Lectures for this class will commence on Monday, January 6.

# ELECT Ben G. Shepherd For REEVE

WHY?

The Answer is Your 1940 Tax Receipt.

BECAUSE:

1. The increase in the improvement tax is excessive and retards building: the essence of progress.
2. With the building of our new schools and roads The wild land in Surrey has increased in value and should pay its just share of taxation.
3. Paving of roads is desirable but costly. In congested areas oiling of roads not only settles the dust. It is sound economy.
4. Sidewalks on busy roads are necessary for safety and comfort.

### CANDIDATE FOR WARD FIVE Surrey Council

Having served as Councillor for Ward Five, I am again offering my services for the coming year.

I have tried to do my best under difficult conditions. For instance: Our system of taxation is wrong, bringing too heavy a burden on real estate; our Relief system is never satisfactory as a solution of social ills. Much of the municipal equipment has been worn out and inadequate; and it has been impossible to keep pace properly with demands for public works.

My policy is the same: Progress with economy, no special privileges, and an attempt to help as best I can, if possible, every case brought to my attention.

We have had to work largely on a maintenance basis, and on a sound business basis; and this year the Council has dared to go to the people for an increase of taxes to reduce the indebtedness, which has been reduced about \$3,000 dollars.

I anticipate some relief for the taxpayer next year; and am supporting the re-election of the present Reeve and Council, with no reflection on any contestants.

I shall discuss details of work facing the Incoming Council which needs to be done in Ward Five, at some later date.

W. C. Frank,  
COUNCILLOR, WARD FIVE

### To the Electors of Surrey Municipality:

I am again offering myself as candidate for the office of Reeve, and in doing so would assure you of my sincerity and fidelity in looking after your affairs.

Much has been said and much has been written since the contest began but so far my administration has not been successfully attacked by facts.

It has been suggested by one of my opponents that the securing of your homes is a first war effort, etc.; may I suggest to you that the mortgage (being the amount of the liabilities due by you as a Community) was already there and my administration has substantially reduced that mortgage and can demonstrate to you, if re-elected, that our policy will further gradually pay off that mortgage while at the same time stabilizing your taxes at a lower level.

May I suggest that this is no time to experiment with theories in finance or taxation.

I hope to have your support on December 14th.

Yours truly,

JOHN HUNTER

### Peace Arch and Hazelmere Institutes Annual Meeting

Hazelmere Community Hall was the scene of a luncheon followed by the quarterly business meeting of the Hazelmere and Peace Arch Circles of the Hazelmere W. L. on December 4.

Both circles reported upon their year's activities. The Peace Arch Circle had concentrated on Red Cross work by amission with the White Rock Red Cross.

Special guests introduced to the meeting were Mrs. J. Shaw, President of the White Rock W. L. and Mrs. M. I. Angus. Mrs. Shaw spoke on the sewing done by the White Rock Institute for refugees and in these interest was aroused.

It was reported that nine of the 11 pieces of needlework entered in the Vancouver Exhibition had won prizes. Two of these were raffled and both came to White Rock ticketholders. Mrs. J. Nielsen, Victoria Avenue, won the quilt and Mrs. M. I. Angus the cushion, both articles being green and gold, the colors of the Peace Arch Circle, A. T. Astin.

### In Aid of Red Cross

Mrs. J. North has donated a hamper to be raffled in aid of the Red Cross. Mrs. Harry Fowler has donated a handsome plant to be raffled for the same. Tickets may be obtained from D. Hughes office.

The White Rock Auxiliary, V.O. N., held its annual Christmas Eve at the White Rock Lodge on Dec. 4 when seasonal decorations made an appropriate setting. Home cooking, novelties and candy stalls were well patronized. Mrs. J. D. MacMillan won the Christmas cake donated by McGavin's. The sum of \$28 was realized and Mrs. J. C. Houston, president, greeted the guests.

which had made them.

Election of officers followed, conducted by Mrs. Webb. Mrs. R. Ibrahim was re-elected president; Mrs. J. Webb, 1st vice-president; treasurer, Mrs. F. S. Ashcroft; recording secretary, Mrs. Geo. Kitzel and corresponding secretary, Mrs. A. T. Astin.

The Rifle Range on the Thrift Road is ready for the big bling on December 13 when marksmen will compete for the turkey, chickens, hams—and you know what. As we mentioned last week, the prize are not necessarily for the experts. Unexperienced shots have equally as good a chance of winning a prize as the veteran marksmen. Several novelty shots will attract the experts but they need a steady hand and eye that night, boys, because a piece of string is a mighty difficult target. Hey, we're telling you. Also catching that ham will take some tricky footwork. But that's enough to whet your interest, so we'll be seeing you there.

**Ward V, Surrey Council**  
As requested by taxpayers in the above ward, I am entering the contest and will appreciate sufficient support or votes to allow me to become your representative on Surrey Council.  
Then, with efficiency and economy I will give the best possible service in regard to road improvement, and other needed projects, and I will see that the money allotted is spent in the ward.  
A change is needed in the present system of hearing appeals against assessments. A committee for this purpose should be set up.

The new Budget was regarded as somewhat liberally by Mr. Blackmore, leader of the Social Credit, who declared production of one of the things the country needs now and his thought was that no impediment should be allowed to discourage it.  
Thursday, December 12th.  
The Hon. Mr. McCulloch, International Red Cross Director, stirred up a bit of a row in a public statement that Canadian nickel was going to Japan. What irritated the Prime Minister and other Members as well as Dr. McCulloch's intimation that Canadian scrap iron was also finding its way into Japan to be used against the Chinese and perhaps against the British soldiers in Singapore. The House was informed definitely by the Prime Minister that no nickel or other scrap metal was being sent to Japan, and that no license for export of scrap to Japan had been issued since Autumn of last year, and that no nickel has been exported since January 2nd of this year. The Prime Minister wired Dr. McCulloch asking if he has an specific evidence of illegal shipments to Japan so that investigation may be made and he hasn't any evidence the Prime Minister has called on him to correct these statements. If these statements are not corrected they will likely do considerable harm as they arouse intense feelings at a time when these should not be aroused.  
The Hon. Mr. Power, Minister of Defence for Air, made a statement regarding leave for soldiers and regulations in connection with both leave of absence and pay allowances.  
Mr. Colquhoun's Amendment for a compulsory non-interest loan was defeated. The vote was called late in the evening and the House sitting up after 12 midnight in an effort to keep the business before the week-end.  
Friday, December 13th—  
The first debate of the Parliamentary Session was brought to a close after the House had sat continuously for eight hours without a break. All the items under the Special Budget brought down were gone through fairly rapidly with occasionally speaking being made on certain of the items, one of which was with wheat and coal bring forth a great deal of argument in the House and as a rule much time is occupied when these subjects enter into the discussions.  
The statement that nickel and scrap iron from Canada is not going to Japan was reiterated by the Prime Minister and he read the wire from Dr. McCulloch, Medical Minister, who made allegations, that it would seem backed up somewhat on the public statements he had made a few days ago.  
The Prime Minister also announced that before any plan in connection with the St. Lawrence waterway is slipped, Parliament will have to approve of the same first.

**For REEVE**  
There is little in Mr. Hunter's recent enormous display in your columns that merits serious reply from me.  
He again shows how impossible it is for him to recognize the virtue and meaning of those words, borrowed from my letter, and which he uses as the heading for his display.  
**RESOLVE! . . . RESOLUTE! . . . ACCURATE**  
He accuses me of "vicious attacks" and is unable to distinguish candid criticism from attacks.  
But there is one point on which we can agree, and that is the first example of slogans given by Mr. Hunter, as follows—  
"Hunter has never dealt in platitudes—actions, not words, accomplish more."  
Platitudes, Mr. Hunter, are not something to sneer at, they represent the accumulated wisdom of centuries, compressed into few words.  
Before passing to the matter of Municipal taxation one other matter has to be dealt with.  
Again it is necessary to quote from Mr. Hunter as follows—  
"Mr. Brown's repeated reference to war effort I accept as a personal attack and shall answer on the platform."  
If ever there was necessity for Mr. Hunter to appreciate what my expressions "Clear, Resolute and Accurate" meant it was here. Personally I will not descend into the maelstrom of political innuendoes, evasions and implied insinuations.  
It is clear that my reference to "War Effort" is beyond his comprehension, so it becomes necessary for me to explain to him just what the difference between his conception and mine is.  
My reference to, and vision of, "war effort" embraces the entire people of this mighty organization known to us as the British Empire, including our own, co-ordinating our Municipal, Provincial and Federal affairs into one tightly welded organization that will become of its magnitude and unity, become a mighty, irresistible, and ultimately victorious effort.  
This majestic mantle that covers our Empire effort was not intended for Mr. Hunter's small shoulders or mine, but it does give us all the right together with its duties and responsibilities, to work within its protecting fold.  
This twisting of a meaning so vital to all of us is so repulsive to me I make it profane.  
Now for an example of what I mean by CLEAR, RESOLUTE, ACCURATE.
